

Slope Name Project

Ever looked up at a cloud and saw another object? Or can you take one idea and make it into something bigger and complex? Can you think outside the box towards your future? Write your name in **straight capital** letters. Label every line, or curve in your name with: positive, negative, undefined, zero, or non – linear. Look at your name and think **OUTSIDE THE BOX!** Turn your name into something related to your future career. Could be the city you will work in, the building you will be in, or single pics of something related to your future career. Have fun, use your imagination, and create something no one has seen before!
